Jason Ng is the founder of Cell AgriTech and was honored as the Most Visionary Entrepreneur Seeding the Future of Agriculture 2024. With over 15 years of extensive experience in manufacturing and business, Jason successfully listed his medical device manufacturing company on Bursa Malaysia, demonstrating a strong track record in scaling industrial ventures. Unlike traditional biotech professionals, Jason brings a unique edge by applying his expertise in mechanical design and large-scale manufacturing to reduce the cost and process of cultivated meat production.
